The best solution is the simplest and most efficient one

CONTENT

We at minileiste plan, develop and produce high-quality, sustainable and individual product solutions in many areas of the construction industry.

With our discreet and innovative profiles, we create functional endings and transitions between different surfaces and components: high aesthetic standard meets simple assembly and economic efficiency.

Detailed information on the system and its assembly can be found in the current product catalog.

In addition, this price list provides an overview of the scope of delivery and pricing of all individual parts.
