

plano PS130

Drywall is the most commonly used material in modern residential and commercial construction. PLANO PS130, a new, one-of-a-kind profile elegantly finishes drywall ceiling and wall installations. Its discreet, 13x13mm profile section perfectly edges drywall panels, becoming a minimalist design feature. At the floor level, the profile connects with the PLANO DESIGN BF baseboard for a fully integrated installation. The result is a profile that leaves a small gap of negative space, almost suspending the wall in mid-air.

PS130AGR

Aluminum
B = 13 mm
H1 = 38,2 mm

Length: 2,70 meters

It is recommended to use FIXXTEC multipurpose adhesive to bond the product. For further information, see page 368.
