

sanitec SB20

SANITEC SB profiles resolve wall-to-wall or wall-to-floor transitions. The cove-shaped profile is easy to clean and offers a hygienic solution to internal corners in kitchen countertops, shower stalls and bathtubs, replacing silicone caulking that inevitably yellows and absorbs dirt over time. Installed with self-adhesive strips or silicone.

SB20A11

Length: 2,70 meters

Aluminum

It is recommended to use FIXXTEC multipurpose adhesive to bond the product. For further information, see page 368.
