

showertec STKV

The SHOWERTEC STK range includes a series of profiles dedicated to the shower area. They are products designed to simplify the installation phase. The STKV profiles can be mounted on the floor and on the wall to achieve a safe assembly of the glass wall of the shower and to obtain a homogeneous and optimal finish thanks to the clean line of the installation. The Showertec STK profiles create bathroom environments with a minimalist and modern design, obtaining floor-level showers without obstacles and without architectural barriers.

STKV100IS + STKV100AS

Length: 2,00 metres - 2,40 metres stainless steel

Stainless Steel
H = 10 mm

Aluminum
H = 10 mm

It is recommended to use FIXXTEC multipurpose adhesive to bond the product. For further information, see page 368.
