

wallprotection WP

Synthetic resin corner protection profile, through-coloured to hide the effects of wear and damage. The smooth surface makes it easy to clean and more hygienic than traditional skirtings. Available in colours and a range of dual-coloured options. Together with an aesthetic value, the dual-colour effect with a darker colour in the central part improves its resistance to trolleys and stretchers. These corner protection profiles can be perfectly coordinated with the other profiles in the wallprotection range (WA) and skirting (WB).

WP125P11/22

Length: 2,70 meters

Synthetic resin

It is recommended to use FIXXTEC multipurpose adhesive to bond the product. For further information, see page 368.
