

leveltec ZP

A selection of full brass extruded profile shapes for existing floor edges and/or junctions with a 10mm drop level to connect to flooring materials or fit onto pre-laid floors. It is highly suitable for rapidly connecting differing floors such as ceramic to wood or other combinations and wherever ajointing profile has not been planned during the laying job.

ZP1000L

Length: 2,70 meters

Brass
B = 27 mm

It is recommended to use FIXXTEC multipurpose adhesive to bond the product. For further information, see page 368.
